Brooklyn, NY 11228 | nolanrgriffith@gmail.com | +1 (201) 258-9965 | [LinkedIn](#)

Education

2022-2026 **The Cooper Union for the Advancement of Science and Art** **New York, NY**

- Bachelor of Engineering in Electrical Engineering, Concentration in Computer Engineering
- Interdisciplinary Studies Minor: Political Economy of Infrastructure and Labor
- Half-Tuition Merit Scholarship (2022-2025), Horacio Cundari Scholarship Fund, Jane E. and Donald W. Deed Engineering School Scholarship Fund, Full-Tuition Scholarship (2025-2026)

Experience

May'25-Aug '25 **BMW Manufacturing, Energy Management Intern** **Greer, SC**

- Utilized acoustic imagery to detect air leaks within different facilities of Plant Spartanburg
- Developed a predictive forecasting model (Prophet) to support cost and consumption planning, achieving a 9% error rate
- Coordinated repair and assessment of 280+ solar panel inverters
- Documented and maintained records of meters for water flow and multiple HVAC control systems

May'24-Sept '24 **BMW AG, Electromobility Intern** **Munich, Germany**

- Represented BMW's technical interests with charging infrastructure partners, including charge point operators and charging station manufacturers
- Coordinated technical requirements, fault resolutions, and implementation of new functions in charging session data
- Merged standalone systems into a unified IT system, improving analysis of charging claims and warranty cases and increasing operational efficiency by 25%

Sept'21-Jun '22 **BMW of North America, LLC, Legal Services Intern** **Woodcliff Lake, NJ**

- Managed the Electronic Law Library through the cloud, categorized, organized, and improved access to client files through a more effective filing system
- Collaborated with paralegals to proofread legal documents

Mar'21-Aug '22 **Code Ninjas (PGK Enterprises), Coding Instructor** **Norwood, NJ**

- Led instructional groups of 10–30 students, communicating complex concepts in an accessible way
- Advised student groups on 3D Modeling regarding practical design and 3D printer hardware, facilitating group discussions

Projects

Jan '26-Present **Housing Rights Initiative - Section 8 Communication Project** **New York, NY**

- Designed an interactive texting simulation and data visualizations (Tableau, Figma) to communicate housing voucher discrimination through an immersive, audience-focused experience
- Translated complex policy and data into clear, engaging content for large-scale public displays

Sept '22-May '23 **Intelligent Ground Vehicle Competition, Technical Team Member** **New York, NY**

- Implemented ROS software (Robot Operating System) into Velodyne LIDAR Sensors in order to create 3D maps for autonomous vehicles
- Implemented OCR (Optical Character Recognition) techniques on a food delivery robot called "Frankiebot," which read signs and navigated the floors of 41 Cooper Square

Skills

Programs: Python, JavaScript, Java, SystemVerilog, MATLAB, C, C++, SpringBoot, DBeaver, CSS, Microsoft Office 365, PostgreSQL, AWS QuickSight, Confluence, Impact (Palantir), LTSpice, Cadence Virtuoso, Google Colab, Tableau, Figma, React

Product Development: AutoCAD, Manual-Drafting, Vivado Development Suite, Microsoft Office

Business Studies: Bloomberg Certified in Financial Statements, Market Research, and Derivatives Trading opportunities

Language: Fluent in English, Spanish (intermediate), Hindi (beginner)
